## The Concise Book of Trigger Points, Third Edition

By Simeon Niel-Asher

North Atlantic Books. Paperback. Book Condition: New. Paperback. 240 pages. Dimensions: 10.9in. x 8.4in. x 0.6in. Since publication almost ten years ago, The Concise Book of Trigger Points has been translated into over twenty languages and become a best seller worldwide. This new edition has been completely updated with current research, evidence, and advanced techniques for manual therapy practitioners, and includes simple self-help protocols that the layperson can do at home. Containing full-color illustrations, this compact reference guide explains how to treat chronic pain through trigger point -- tender, painful nodules that form in muscle fibers and connective tissues. The easy reference format presents useful information about the trigger points relating to the main skeletal muscles, which are central to massage, bodywork, and physical therapy. The first six chapters provide a sound background to the physiology of trigger points, and the general methods of treatment. Chapters 7 through 12 are organized by muscle group, with the information about each muscle presented in a uniform accessible style. Each two-page spread gives detailed anatomical information, referred pain patterns, plus key trigger point information, practitioner protocols, and self-help information and drawings. This book wonderfully describes the syndromes of myofascial pain that affect the skeletal...

### Reviews

*This pdf may be worth acquiring. It is definitely simplified but surprises inside the fifty percent of the pdf. I am pleased to let you know that this is the very best ebook we have read inside my own lifestyle and could be the finest publication for ever.*

-- Prof. Abe Satterfield IV

*This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).*
