

Saudi Arabia Labor Law Outline (Paperback)

By Michael O Kane

Andalus Publishing, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.The arrest and deportation more than 100,000 foreign workers in November 2013 means that now more than ever employers and employees must familiarize themselves with Saudi law. Newly revised for 2014, this book adds--for the first time in English--both the new Domestic Servants law as well as the visa enforcement rules distributed to foreign embassies prior to the start of the crackdown. Useful for anyone considering a job in Saudi Arabia-- this helpful text orients the new employee to a unfamiliar employment legal environment. It is also a handy reference for companies that employ workers in Saudi Arabia or anyone interested in examining the labor rules of one of the world's strongest economies. Fully indexed, this is the only book that annotates each article of the labor law, contains the hard to find implementing regulations as well as the current nitaqat (ranges) table with an explanation. No other book like this is available on the market, either in English or Arabic. Every business should have a copy to use as a handy desk reference....

These kinds of publication is everything and made me hunting ahead of time and more. I have got read through and i also am confident that i am going to gonna study yet again yet again later on. Its been printed in an extremely basic way in fact it is only after i finished reading this pdf in which in fact transformed me, alter the way i believe.
