What difference between a league and a mile? How long would it take to go one degree? How long to go one mile?c. The children should be always allowed to ask any question on the measure, and indeed on every subject introduced. In teaching avoirdupois and apothecaries weights, we should adopt nearly similar methods; I will give an outline.--Teacher. Suppose your mother was to send you for a pound of something from the druggists, and desire you to bring a pound of sugar from the grocer s, how many ounces would you have? Suppose you carried one parcel in one hand, and another in the other, would the weight be equal? If you were desired to bring a ton of coals, could you carry them in a basket? , c. The pound, shilling, pence, and farthing tables may be carried out in the same manner. The abacus, or frame of balls, is a very useful thing, there is no end of the use we make of it; doing various sums on it, telling tales with it, doing all the tables with it, c. and one very interesting lesson is forming, larger with lesser numbers; for instance, suppose I say, --Any 3 equal numbers to make 27; a child is called up, who says 9, when the teacher moves the 9 top balls;...
