*It is just one of my personal favorite books. I was able to comprehend every little thing out of this published publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Child-life in every form appeals with singular force to the sympathies of all. In palace and in cottage, in the city and in the country, childhood reigns supreme by the divine right of love. No monarch rules more mightily than the infant sovereign in the Kingdom of Home, and none more beneficently. His advent brings a bit of heaven into our midst, and we become more gentle and tender for the sacred influence. Every phase of the growing young life is beautiful and interesting to us. Every new mood awakens in us a sense of awe before unfolding possibilities for good or evil.
