

Exploring the World of Bees (Paperback)

Filesize: 3.76 MB

Reviews

This book is so gripping and fascinating. Of course, it is actually perform, still an interesting and amazing literature. You will not feel monotony at anytime of your respective time (that's what catalogs are for about in the event you request me).

(Prof. Ophelia Wiegand I)

EXPLORING THE WORLD OF BEES (PAPERBACK)

FIREFLY BOOKS LTD, Canada, 2011. Paperback. Book Condition: New. 196 x 196 mm. Language: English . Brand New Book. We watch bees buzzing from plant to plant in our gardens, yet apart from worrying about being stung, many of us don't give them another thought. But who are these flying insects, and what exactly are they doing in our backyards? Exploring the World of Bees covers the differences in the social lives of bees and how they organize their families, their homes and their work. Young readers can learn that different bees have developed special physical adaptations - from a body size so small they can't be seen in flight and keen vision to extra-long nectar-lapping tongues and convenient leg packs for carrying pollen. They'll also discover more about the many ways in which humans depend on bees, even while our activities increasingly put these precious pollinators at risk.
