

A Short History of Myth

Filesize: 7.21 MB

Reviews

It is fantastic and great. This is for those who statte there was not a worth looking at. Its been written in an exceptionally easy way which is only soon after i finished reading this ebook through which in fact changed me, change the way i really believe.
(Barry O'Reilly)

A SHORT HISTORY OF MYTH

BRILLIANCE AUDIO, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. What are myths? How have they evolved? And why do we still so desperately need them? The history of myth is the history of humanity; our stories and beliefs, our curiosity and attempts to understand the world, link us to our ancestors and each other. Myths help us make sense of the universe. Armstrong takes us from the Palaeolithic period and the myths of the hunters right up to the Great Western Transformation of the last five hundred years and the discrediting of myth by science. Heralding a major series of retellings of international myths by authors from around the world, Armstrong's characteristically insightful and eloquent book serves as a brilliant and thought-provoking introduction to myth in the broadest sense - and why we dismiss it only at our peril. Witty, informative and contemplative: Ms. Armstrong can simplify complex ideas, but she is never simplistic. - New York Times Book Review Armstrong writes with sensitivity and wisdom. She employs a breadth of learning that reflects the scintillating, shifting light and shade of human experience. - The Times.
