Book Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Methods of preparation and conservation of herbs | Contraceptives are preparations used for reversible suppression of fertility. Because of our alarming population trends, anti fertility drugs are the need of the day. In developing countries particularly the mortality rate has declined and birth rate has increased due to urbanization. In earlier part of present century method of contraception used (condoms, diaphragms, spermicidal creams, foam tablets etc) were intimately related to several...
