Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Museums, Their History and Their Use, Vol. 1: With a Bibliography and List of Museums in the United Kingdom Having at various times, during the last thirty years, visited the principal museums of the United Kingdom, of Denmark, Norway and Sweden, Finland and Russia, Austria, Hungary, Germany, Italy, Switzerland, France, Belgium and Holland, the United States and Canada, I was anxious to learn something of the history and development of museums as scientific institutions. Strange to say, however, there is little or nothing bearing upon the subject in the ordinary books of reference. There are only twenty-three lines upon it in the last edition of Chambers Cyclopaedia; there is no article upon Museums in the last edition of the Encyclopaedia Britannica, but there is a short notice, principally relating to art museums, in the recent supplement to this work. Museum does not appear as a title in Leon Vallee's Bibliographie des bibliographies or Petzholdt's Bibliotheca bibliographica. Museums is not an independent subject in Mr. Fortescue's exhaustive Subject-index of the modern works in the British Museum, but is included under Exhibitions and Natural History and such headings as Anatomy, Art, Ceramics and the like. The title only casually occurs in Mr. Sonnenschein's valuable Readers Guide and The Best Books. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
