Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Everyone assumes UFOs are space craft full of aliens. But ten-year-old Esme and her big brother, George, are about to discover the truth when they find a mysterious creature, part animal, part plant that looks like a UFO but can communicate with them telepathically. The adventure is about to begin. Esme and George unwittingly awaken a skywhale as he sleeps under the mud of an English riverbed. Skywhales are amazing beings-huge, part plant and part animal, and pandimensional. Esme discovers that she is still young enough to communicate telepathically with the skywhale, but George cannot, giving Esme a rare chance to best her bossy sibling. Despite their constant bickering, the two find one thing in common: a love for their new friend, Remiel. Together, they pack a lifetime worth of adventure into a single wild day. As life goes on, Esme and George wonder if they ll ever see their new friend again. Because they were sighted in the skies over London, both fret for the skywhales safety. If they shot down a UFO at Roswell, what s in store for the skywhales should they fall into the wrong hands? The Skywhale is a cleverly delivered tale that will spark young imaginations and inspire children s curiosity about the natural world.
