Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It's been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modified the way I really believe.

As this was the principal topic under discussion at that time, I had an excellent opportunity of hearing both sides of the question. On my return to Boston I was requested by several societies to give them my views or opinions concerning the rights of the questions involved in the terrible drama now being enacted in South Africa. I was surprised to learn how little was known concerning the real merits of the case. The sympathy of many swayed towards the Boer side, on account of an ancient prejudice resulting from the Revolutionary war, they taking it for granted that England intended to oppress the Boer who was fighting for the freedom of his country. Another class, which is represented by the Fenian element, in its blind and unreasonable hatred of England, attempted to influence public opinion against Great Britain by false and malicious statements. To this class I would recommend the reading of the Roman Catholic Bishop of Kimberley's letter contained in this pamphlet. A large majority of the intelligent and educated classes were in favor of England, but even here there were exceptions, such as Senator Hoar, Edwin Mead, and that old-time champion of the negro. Col. T. W. Higginson. In addition to the information I obtained abroad I am also indebted to writers who have...
