If we cannot protect the Titanic, then what can we protect? Modern technology is allowed easier and easier physical access to underwater wreck sites. Do we use this access to appreciate what lies there or to plunder it? - Robert Ballard Just before midnight on April 14, 1912, the RMS Titanic, the largest ship in the world, hit an iceberg, setting in motion a chain of events that would ultimately make it history s most famous, and notorious, ship. In the over 100 years since it sank on its maiden voyage, the Titanic has been the subject of endless fascination, as evidenced by the efforts to find its final resting spot, the museums full of its objects, and the countless books, documentaries, and movies made about the doomed ocean liner. Thanks to the dramatization of the Titanic s sinking and the undying interest in the story, millions of people are familiar with various aspects of the ship s demise, and the nearly 1,500 people who died in the North Atlantic in the early morning hours of April 15, 1912. The sinking of the ship is still nearly as controversial now as it was over 100 years ago, and the drama is just as compelling. In the century since the Titanic sank, public interest in the ship and its history...
