Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Budgeting is limiting yourself a certain amount to spend a day, a week or a month. I discuss this and other topics of budgeting in Book 3 of Money: Learning the Basics. I first discuss about dividing your check and making sure you are paying for your bills or calculating that in the budget. I then discuss about setting a budget and sticking to it. Whether it's limiting yourself to \$60 a week or more or less it is up to you. Bottom line you will see the money disappearing and you will miss it. Next, I will discuss about resisting the urge to overspend your budget. I then discuss about what method to use to budget, Whether you are using a handwritten technique, using Microsoft Excel or a program like it, or using an app for the tablet. These will help you budget your money. Finally, I discuss about automating your finances. This can be a way to save you the time and frustration of doing it yourself you just have to make sure your money is there. I didn't cover everything in this short Amazon Kindle book, but I covered the basics.
