Is it her appearance, her Career, her wealth, her fame, her spiritual life, her Social life, or her talents? I do believe with all my heart that every woman can be a dream wife. Men and women who marry usually love each other deeply, but that love too often transforms into anger and frustration, which leads in turn to separation and divorce. In such cases, something in the relationship was amiss-some problem that ought to have been prevented or addressed in order to establish a happy home. If God leads you down the path of marriage, however, then you must approach the matter in all seriousness. Finding and choosing the person who will complete your life, and joining that person in holy matrimony, is no trifling affair; it requires preparation and direction Whether you are married yet or not, this book will help women to understand how to be good wives-and men to be good husbands. Husbands and wives alike should also pray for each other to be good spouses. Of course, if you are currently unmarried, this book will better prepare and enable you to find the ultimate wife-your dream wife.
