Can Financial Markets be Controlled?

By Howard Davies

John Wiley and Sons Ltd. Paperback. Book Condition: new. BRAND NEW, *Can Financial Markets be Controlled?*, Howard Davies, The Global Financial Crisis overturned decades of received wisdom on how financial markets work, and how best to keep them in check. Since then a wave of reform and re-regulation has crashed overbanks and markets. Financial firms are regulated as never before. But have these measures been successful, and do they go far enough? In this smart new polemic, former central banker and financial regulator, Howard Davies, responds with a resounding no. The problems at the heart of the financial crisis remain. There is still no effective co-ordination of international monetary policy. The financial sector is still too big and, far from protecting the economy and the tax payer, recent government legislation is exposing both to even greater risk. To address these key challenges, Davies offers a radical alternative manifesto of reforms to restore market discipline and create a safer economic future for us all.

Reviews

I just started out reading this ebook. It is really exciting through reading through time. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Leonie Collins**

A fresh eBook with a brand new standpoint. It can be really exciting through looking at period of time. I am delighted to inform you that this is the greatest book I have read through during my individual existence and may be the very best publication for ever.
